**تعليم اللغة العربية في ولاية بنغال الغربية: تحديات وحلول**

**INTRODUCTION:**

Arabic is not only the liturgical language of Islam but it is now the lingua franca of the Arab world. Arabic, in its Modern Standard Arabic form, is the official language of 26 countries and one of six official languages of the United Nations. It is also the most spoken languages as the 6th position all over the world. As Arabic is derived from Semitic languages, its history goes back to the 1st century CE in Arabic Peninsula but indeed it has spread in India in the seventh century as Islam emerged here, although the trade relationship between India and the Arab world was existed from the ancient times. With the passage of time, Arabic language developed in India as it is taught in many madrasas, schools, colleges and universities and nowadays it has become source of daily livelihood.

As far as teaching Arabic language in West Bengal is concerned that it has been taught in govt. schools and madrasas including in many colleges and universities. All these institutions are playing important role in developing Arabic language but there are still many shortcomings and challenges. According to global needs, the students must explore a subject in depth in multiple perspectives as it requires focusing on language learning and communication skills. To seek the solutions, it is decided to conduct this webinar to enable the students to get job opportunities through SSC, CSC and MNC (Multi National Company) as well as in the Medical sector as Translator or Interpreter in India and Abroad.

### Objectives of webinar:

- To bring out the challenges and solutions.
- To provide quality education of Arabic language.
