

We are delighted to inform you that our university has been chosen to act as one of the SPOKE institutions, with Jadavpur University acting as the HUB institute, under the PAIR scheme recently announced by Anusandhan National Research Foundation (ANRF), Govt. of India, to stimulate scientific innovation in institutions with limited research, in a mentorship mode, by leveraging the knowledge and expertise of top-ranking institutions. We are supposed to contribute to the themes of Advanced Materials, Artificial Intelligence, and Environmental Sustainability. We owe this success of our institute to the motivating and encouraging leadership of our present university authority headed by our Honourable Vice Chancellor, **Professor Sankar Kumar Nath**.
