 - Applications in Agriculture - Precise farming, Auto-Driving of Tractors
 - Applications in Robotics and autonomy - Navigation, Actions based on Location

You have been selected to present under the theme GNSS Positioning Techniques. Do let us know if you prefer to cover a different theme or if you wish to present in more than one theme.

Your participation will consist of a one-hour presentation in the first day and hands on workshop in the second day (duration TBD). The targeted audience will include specialist in the field, academic staff and researchers as well as undergraduate and postgraduate students.

We look forward to receiving a short abstract of your proposed presentation and hands on workshop topic.

Below is short summary about our center:

The National Space Science and Technology Center is the first center of its kind in the Middle East, and will be acting as an incubator for research, development and innovation in the field of Space Science and Technology Research and Development. The center will be engaged in six interdisciplinary research and development areas, that aim to strengthen the UAE's capabilities, focusing on: Space Communication and Precision Positioning, Space Situational Awareness and Ground Station, Space and Atmospheric Science, On-Board Real Time Systems, Propulsion and Combustion, Space Resource Utilization. The National Space Science and Technology Center also aim to promote cultural innovation among the youth and provide them with a much needed platform for their own advances in the field. The educational program that is being implemented at the Center will catalyze the UAE's movement to becoming leaders in the field of space and technology is in line with the UAE National Innovation Strategy. Dear Dr. Bose,
Dear Anindya,

Thank you for your kind support and participation to the organisation of our Galileo GNSS Hackathon, which took place at PES University in Bengaluru from 16-17 March 2019. This event was a milestone for our project GNSS.asia, which has the objectives to support industrial, institutional and academic cooperation in the domain of GNSS between Europe and Asia.

As discussed in Bengaluru, we currently plan to organise another Galileo GNSS Hackathon back-to-back with the Multi-GNSS Asia Conference in Bangkok, co-hosted by Thailand's GISTDA. This will take place from 26-27 August 2019, with the MGA Conference from 27-30 August 2019.

We would be delighted if you could join us at this Hackathon as a jury member and mentor for local start-ups and students. **Therefore, we are pleased to invite you to attend both the Hackathon and the MGA Conference, for which we would love to offer you the coverage of your flight back-forth to Bangkok and your accommodation cost as a token of appreciation.**

We truly look forward to welcoming you in Bangkok, and to continue our fruitful cooperation under the GNSS.asia and MGA umbrella.
